BACKGROUND

"Mr. Central" manager of the Central Nursery Company was born in Santa Barbara, California, November 6th., 1933. Enjoying the beautiful exotic surroundings of Hearst Castle at San Simeon where his father was in charge of the art work, and traveling occasionally to Southern Calif. where his mother once resided at the former Henry Huntington Estate 2035 Fremont Ave., South Pasadena, familiarized "Mr. Central" with the most eloquent of all art, both natural and that created by artisans from all walks of life. Endeavoring to bring more of the "Exotic" in reach of all status "Mr. Central" proudly presents offers of the common and that of the uncommon members of the "Plant Kingdom".
